Attention: Mr. Douglas R. Minnes, Mayor

Dear Mr. Minnes:

On December 10th, 1979, Mr. Keith Saunders, our Director of Maintenance and Construction, submitted a letter requesting \$1,000 for a new baseball backstop for our Club. The money was approved in Council for the 1980 budget.

We are now in the process of finalizing the contract with the supplier for our new backstop. We would, therefore, appreciate the Township forwarding the money to our Club. We could then proceed with the signing of the contract and the installation of the new backstop. A copy of the contract will of course be sent to the Township.

We trust that this meets with your approval.

Yours truly,

CASCADES CLUB INC.
