AUCTION SALE

This year's auction sale on Saturday, August 27th attracted much interest and a good crowd. Sales were the highest yet and kept the workers busy selling until 8.30 p.m. The Society benefitted by about \$700.00 and is very grateful to all those who participated either as workers or as partners in the venture by bringing in the goods.

The event was carried on CBOT Local News but because of a football game being broadcast did not appear until 1.30 a.m. Sunday, August 28th. Viewing was limited to night owls.

With an eye to the future may we suggest that you start setting aside items for next year's sale.

HURLING DOWN THE PINE

The latest project of the Society was participation in the recent Forest Industries Equipment Exhibition at Lansdowne Park. Mrs. E.J. Ryan with the assistance of several hard-working members of the Society designed, set up and manned (the manning was by women) a booth in the McIlroy Building, space for which was provided by courtesy of the Forest Industries Exhibition authorities. Thirty-five copies of Hurling Down the Pine were sold and the booth featuring old hand equipment used by lumbermen attracted a great deal of interest by visitors. This was a most worthwhile effort in every respect, and the Society thanks all concerned.

SICK LIST

We were all sorry to learn that our Treasurer, Mrs. C.C. Hudson had to go into hospital recently, but a late report indicates that she is progressing quickly toward recovery and should soon be well again.

Arthur Davison,
President.
