165 Extract from a Report of a Committee of the Whole Council - approved of - by His Excellency the Lieut-Governor in Council at Quebec City 23 March 1803 - Certified: Herman Ryland -

On the petition of JOHN RICHARDSON, THOMAS & JOHN FORSYTH praying for the reasons that a Warrant may be issued to a confidential surveyor to ascertain where the actual front line of the Township of Onslow is situated, and also that of the tract which comprehends the 1000 acres prayed for by JOSEPH MONDION & Co.

The Committee recommends that the Petitioners be at liberty to cause the surveys, which they pray for, to be made, on condition that such surveys be made at their own expense, but by surveyors to be named by His Excellency and that such surveyors be directed [as in the text] to be completed by 1st August next.

166 Small leather covered book, 6¼" x 4", entitled P. WRIGHT Land Book Onslow. Inside of front cover, in exquisite caligraphy, Philemon Wright's Land Business, and on the first page Charter for the Front of the Township of Onslow. The beautiful hand-lettering continues on the following pages which follow, which is a runnig record of who owned what and when on pages which amount to 51. Let one page suffice to indicate the style and manner of entries of the remaining fifty.

Lot 27 Range 4 - 200 acres
Chartered to: K. J. WOLCOT and relinquished to P. WRIGHT 12 Nov 1808 before J. Jeta and J. Belanger, Notaries Public, Québec

Chartered: means "land granted to"

In the above case Wright had to buy the land. The price depended on the worth of the Lot. If the land was prime for crops, if it had buildings upon it the price would be fairly high. On the other hand if it was rocky, with little or no soil; or partially under water in the spring the cost would be far less,

NOTE: The numbers from 149 to 166 (inclusive) deal entirely with THE TOWNSHIP OF ONSLOW

181 Agreement dated 11th January 1877 Between CHARLES ESPLIN (of the Village of New Edinburgh) et al and JOHN RUDOLPHUS BOOTH (of the City of Ottawa) have leased from CHARLES BROWN WRIGHT (son of the late RUGGLES WRIGHT Sr and the late HANNAH CHAMBERLIN (1st wife of Ruggles Wright Sr). Charles Brown Wright was of the City of Hull, County of Ottawa, Province of Québec. He had leased to Booth the lot commonly called the cement mill lot. The said J.R. Booth also leased lot 2 situated in the Upper Village of Hull, noted on the plan prepared by W.A. Austin Provincial Surveyor which concerns a Building housing mill machinery, which machinery it was desired to be disconnected from the water wheel which would allow a grist and flour mill to be operated in its place. This agreement was assented to 11 January 1877

182 This paper seems to be a memorandum addressed to L.T. DRUMMOND dated at Hull. February 1847. It concerns an agreement between A.W. & R.W. (possibly ALONZO WRIGHT M.P. (son of Tiberius Wright and nephew of Ruggles Wright Sr. It would seem that the second set of initials would indeed be that of RUGGLES WRIGHT Senior. This agreement may not have been implemented by the two parties for lack of time, It seems to be centered on Burrit's Rapids. D.R. STEWART may have seen the memorandum which he noted with a tick. Either Mr Stewart or some unknown scribe pencilled a notation which is almost indecipherable

183 This item appears to be rough draft twelve pages in length, the first four pages have been detached. Those pages which remain suggest that at least two of the "players" were as in No 182 above, namely ALONZO WRIGHT M.P. (son of TIBERIUS WRIGHT) and RUGGLES WRIGHT Senior The message of the remaining portion of the draft is a somewhat lengthy explanation of what happened following the death of his older brother TIBERIUS 2nd son of Philemon Wright.
At this time PHILEMON WRIGHT and all his sons, except RUGGLES WRIGHT Sr. are deceased, which puts the date of the draft as after 1843.
Perhaps the document of which this only appears to be a draft was never assembled. At this late date (1996) this query (if it is a question) may never be answered

184 This strange paper has the two dates 7 November 1854 and year 1855 which sets the time R. WRIGHT & RUGGLES WRIGHT are probably the Senior. His son Ruggles Jr only survived his father's decease by nine years.

188 Unbound, but printed (4¼ x 7 inches) version of RUGGLES WRIGHT Senior's petition to the governor-general, His Excellency the Rt. Hon. James Earl of Elgin and Kincardine Governor General of British North America, etc., etc., etc. This piece consists of 98 pages, 92 of them in printed, and the hand-written response of Secretary Thomas A. Begly.

The petition of Wright extols the timber slides constructed by him at both the Chaudière Falls and the one at the Chats Falls, including the rail lines he had laid down at the latter.

Wright points out that the slides installed by him were on Wright property and that "his" slides war far superior to those put in under the supervision of the government's Board of Works and furthermore he was upset by the Board's Rates of Slidage.

Secretary Begly's negative response allows Wright to continue operating the slides as previously but in no way may he interfere with the publics' weal.

Ruggles is "stretching the truth" in claiming that the slides as his invention. He Borrowed the idea from the Scandinavians who beat him to it.

204 Draft of letter dated Hull 6 Feb 1848 by RUGGLES WRIGHT addressed to his nephew ALONZO WRIGHT M.P.

Dear Sir: I am in receipt of your note of this morning and regret to see that your mother's [the mother of Alonzo Wright was LOIS RICKER 1800-1879] choice should have fallen upon Mr Robertson your Attorney who has been -?- and -?- in the case already for you. It would be absurd on my part as I might as well have left it to our Attorney. My opinion is that the parties chosen as Arbitrators ought to be totally disinterested or connected with our Business in any way. Therefore I beg you will reconsider the matter and appoint some others to act as your Arbitrators. Do let me hear from you this evening if possible, as I leave tomorrow morning and oblige Yours truly - signed Ruggles Wright.
